

## USDP Dental Loyalty Program

For Patients without Dental Insurance

We are proud to announce that we offer a new in-house dental program for patients without dental insurance. Our USDP Dental Loyalty Program is an annual, reduced-fee savings plan for individuals without dental insurance to receive quality dental services at greatly reduced prices. Unlike conventional insurance plans, our in-house membership plan will have no deductibles, yearly maximums or waiting periods. Benefits begin immediately on date of enrollment and the benefits will extend through that date on the following year.

Our membership benefits include:

- 25% discount off all preventative procedures such as routine exams, x-rays and basic cleanings
- 15% off basic and major dental procedures such as fillings, onlays, and crowns
- 10% off elective or cosmetic treatment such as Invisalign, veneers, and teeth whitening services
- One emergency exam per year is included\*

Our program membership is \$99 per year. All membership fees are due at the time of registration and are non-refundable once services have been provided. Plan duration is for one year from registration date. All patient fees are due at time services are rendered in order to receive applicable discounts.

Plan Limitations and Exclusions:

- Procedures or services rendered at another dental or specialist's office
- Services covered under Worker's Compensation, Employer's Liability Laws, FSA's, HAS's or any other medical reimbursement accounts
- Members cannot use their own dental insurance benefits or any other dental coverage in conjunction with our dental discount membership
- We cannot offer any dental discounts to patients using CareCredit for a promotional interest payment plan. Payments accepted are cash, check, NFS (contactless payment apps such as Apple Pay and Google Pay) and all major credit cards
- Patients must comply with the office's cancellation policies. Cancellation fees are not discounted and the patient will not be able to schedule any future appointments until the fee has been paid
- No refunds are due after any service is rendered
- Periodontal Maintenance is considered a basic service and will receive a discount of 15% off
- Prescriptions or other oral hygiene add-ons such as Arestin (localized antibiotics), Clinpro Fluoride Toothpaste, Peridex and/or other homeopathic mouthwashes, or any other miscellaneous dental supplies are not discounted.
- \*A single, 30-minute emergency or limited oral exam along with up to two additional x-rays will be included at no cost. An emergency or limited exam is necessary when a patient is experiencing pain or has another specific concern that cannot wait until their next hygiene appointment. Any treatment needed will be discounted at the above rates. Additional exams will be 25% off.

I have read and understand all plan benefits, stipulations, limitations and exclusions.
